

GIVE OUT KAISER'S MESSAGE TO WILSON

Telegram Was Given to Gerard in Emperor's Own Writing

CAME VIA SWITZERLAND

Semi-Official German Newspaper Denies the Existence of the Telegram

TO GIVE EXPLANATION

WASHINGTON, Aug. 13.—The telegram sent President Wilson August 13, 1914, by Emperor Wilhelm of Germany was made public tonight by the state department.

A despatch today from Berlin via Amsterdam, said:

Denies Existence of Message.

The semi-official Norddeutsche Allgemeine Zeitung denies the existence of the telegram alleged by James W. Gerard, former American ambassador to Berlin to have been sent by Emperor William to President Wilson in August, 1914, when the German emperor is quoted as having asserted that Belgium's neutrality "had to be violated by Germany on strategic grounds."

The telegram, which was given to Ambassador Gerard in the emperor's own writing, reached Washington by way of Switzerland. The text as given out tonight follows:

Text of Kaiser's Message.

"Berlin, via Copenhagen. Dated Aug. 14, 1914.

"Received August 15, 7:30 p. m.

"Secretary of state.

"Washington, Aug. 14, 3 p. m.

"The following was communicated personally to me by the emperor in writing:

"Private and confidential.

"For the president personally.

"One. The Royal Highness Prince Henry was received by his majesty, King George V., in London who empowered him to transfer to me verbally that England would remain neutral if war broke out on the continent involving Germany and France, Austria and Russia. This message was telegraphed to me by my brother from London after his conversation with His Majesty the king and repeated verbally on the twenty-ninth of July.

"Two. My ambassador in London transmitted a message from Sir Edward Grey to Berlin saying that only in case France was likely to be crushed England would interfere.

"Three. On the thirtieth my ambassador in London reported that Sir Edward Grey in the course of a private (sic) conversation told him that if the conflict remained localized between Russia—not Serbia—and Austria—England would not move, but if we mixed in the fray she would take quick decisions and grave measures. In other words, if I left my ally Austria, in the lurch to fight alone, England would not touch me.

Counter To King's Message.

"Four. This communication being directly counter to the king's message to me, I telegraphed to His Majesty on the twenty-ninth or thirtieth thanking him for kind message and begging him to use all his power to keep France and Russia, his allies, from making any warlike preparations calculated to disturb my work on mediation, stating that I was in constant communication with his majesty, the czar. In the evening the king kindly answered that he had ordered his government to use every possible influence with his allies to repudiate taking any provocative military measures. At the same time, his majesty asked me I should transmit to Vienna the British proposal that Austria was to take Belgrade and a few other Serbian towns and strip of country as a main mise (sic) to make sure that the Serbian promises on paper should be fulfilled in reality. This proposal was in the same moment telegraphed to me from Vienna for London quite in conjunction with the British proposal, besides, I had telegraphed to his majesty, the czar, the same as an idea of mine before I received the two communications from Vienna and London. As both were of the same opinion I immediately transmitted the telegrams vice versa to Vienna and London. I felt that I was able to tide the question over and was happy at the peaceful outlook.

"Five. While I was preparing a note to his majesty, the czar, the next morning to inform him that Vienna, London and Berlin were agreed about the treatment of affairs I received the telephone message from his excellency, the chancellor, that in the night before the czar had given the order to mobilize the whole of the Russian army, which was of course also meant against Germany, whereas, up till then the southern armies had been mobilized against Austria.

Had To Violate Belgium.

"Six. In a telegram from London my ambassador informed me he understood the British government would guarantee the neutrality and wished to know if Germany would refrain from attack. I telegraphed

TROLLEY CARS COLLIDE; SEVENTEEN KILLED

NORTH BRANFORD, Conn., Aug. 13.—Seventeen persons were killed and upward of two score injured, when two trolley cars met head-on at high speed near the local station late today. Both cars were of heavy construction and the force of the impact locked them together in a tangled mass. They were well filled with passengers and most of the dead were women. The injured were rushed to New Haven hospitals. Most of the persons killed lived in Gifford, Madison, Saybrook and nearby towns.

RAILROADS AND COAL DEALERS TO CO-OPERATE

Promises Will Insure Consumers Benefit of Reduction

Justice Carter Meets With Representatives of Chicago Retailers and the Coal Carrying Roads—Price Fixing Hearings to Begin Thursday or Friday.

Chicago, Aug. 13.—Assurances that benefits of lower prices of coal to be fixed by Supreme Justice Orrin N. Carter, new state coal controller will not be swallowed up in transportation and distribution charges were gained today when he undertook actual work. Representatives of the Chicago retail dealers and of the coal carrying roads met with him and gave their promises that they would co-operate in seeing that the people of Illinois were not forced to pay an extraordinary price for coal. Justice Carter was made coal controller by Governor Lowden with the agreement of the coal operators and given authority to fix prices at the mine mouth. The promises of the railroads and retailers will insure that the actual benefit of the reduced costs reaches the consumer.

Today's conference, which was informal and merely introductory to the price fixing hearings which will begin Thursday or Friday of this week, developed a friendly spirit among all parties who have to deal with coal before it reaches the house holder.

"We agree that the meetings should be public and should be conducted with the prime purpose of fixing a fair price, not as a lawsuit with punctilious regard to the laws of evidence," said the jurist. Tomorrow the state council of defense will meet with representatives of councils from other middle west states which are interested not only in the reduction of the cost of coal but all problems pertaining to the war.

R. L. Locke, Chicago, second lieutenant.

STRIKE IN SPAIN BECOMES GENERAL

MADRID, Aug. 13.—The strike began on Friday night by the railroad employes became general at an early hour this morning when the masons, printers, carpenters and others quit work. As the men received their orders to lay down their tools they went quietly home. Some of the strikers declared the general strike would last only twenty-four hours and that it was in sympathy with the strike of the railroad. Shops are open as usual and the population is indifferent.

MINE DRIVERS STRIKE

Pana, Ill., Aug. 13.—Three hundred men in the Springfield mine of the Smith Lohr Coal company are idle today as the result of the strike of drivers, who are demanding a wage increase of one dollar a day.

SEND KANSAS CITY STRIKE BREAKERS HOME

Move One of Outstanding Developments of Car Strike

Street Car Company Reaches Decision Only a Few Hours after the Strikers Reject Peace Proposal—Mayor to Continue Efforts to Settle Strike.

KANSAS CITY, Mo., Aug. 13.—Hundreds of strike-breakers, marched twenty-four hours at the little town of Selsa, Mo., after having been forcibly deported from this city where they had been brought to break the street car strike tonight were to be taken according to railroad officials to Chicago, New York, Philadelphia, St. Louis and other points where they had been recruited. The movement was one of the outstanding developments of the sixth day of the strike that has paralyzed the transit system of the two Kansas Cities. The decision by the street car company to send the strike breakers away came only a few hours after the striking employes had voted to reject a peace proposal made by the company. Mayor George Edwards tonight, however, said, he did not intend to cease his efforts to bring the two sides together. Another development late today was an announcement that Louis F. Post, assistant secretary of labor had ordered Fred L. Ferck, a federal labor mediator to come here from Indiana to offer his services in reaching a conciliation.

Shortly after noon today Harry Hoffman, county marshal began receiving reports that the strikebreakers at Selsa had begun to pillage in an effort to obtain provisions. He demanded at once that they move outside of the county which includes Kansas City, within twenty-four hours. He declared he and his deputies would drive them out if necessary. He left for Selsa immediately to warn the men to leave, but almost before he reached there the street car company announced they would send the men away.

The railroad then determined upon moving the men as quickly as "steam could be gotten up." Estimates placed their number at between 500 and 600. A meeting of company officials and representatives of the chamber of commerce held during the afternoon was not productive of further steps to a settlement. Hundreds of strikers marched to the conference room, in an up-town hotel and pushed into the room but were persuaded to leave.

Federal injunction against the strikers was announced by company officials as a possible next step in their attempts to restore service. Loyal employes and men imported from other cities were in Kansas City in sufficient numbers, the officials said to run the cars. The injunction would be sought if the mediation attempts fail it was explained, to protect the company's property and to cause troops to be called out in the event of violence.

The strikebreakers' special left Selsa tonight. Reports that the train was proceeding eastward were received from several towns.

SEEK PERMISSION TO EXEMPT YOUNG DOCTORS

SPRINGFIELD, Ill., Aug. 13.—In view of the shortage of surgeons and physicians for the army, district appeal boards of Illinois in session here today, asked permission of Provost General Crowder to exempt young doctors who wished to finish a medical course which would fit them for service in the army medical corps.

The boards suggested that if exemption could not properly be allowed in such cases, records be kept which would enable the proper authorities to get in touch with conscripted student doctors if it should develop that they were needed later. Everyone of the eight appeal boards in the state was represented at today's conference in the state arsenal called by Adjutant General Dickson to co-ordinate the work of the boards.

Provost Marshal General Crowder will be asked what occupations might be proper ground for exemption, and for statistics regarding what percentage of the working force in certain industries might safely be taken for the army.

While there was considerable discussion as to exemption of farmers, it was felt that the ruling of the government that agricultural workers might be exempted until such time as crops are harvested covered the ground.

ORDER 23 TO DAYTON FOR ACTUAL FLYING

CHAMPAIGN, Ill., Aug. 13.—Twenty-three of the 39 men who graduated from the University of Illinois ground school of aviation on Saturday were ordered to the Dayton, Ohio, field and left here on Monday to get actual flying experience before they are sent to France. The men are:

R. Anderson; W. Bretting; A. J. Butler; J. C. Davidson; W. A. Dieckmann; George C. Dixon; H. K. Frankheim; L. P. Hopkins; Charles S. Jones; W. J. Leonard; H. E. Loud; L. J. Luder; Charles R. Mellin; R. E. Morsbach; G. L. Ohrstrom; E. Hahn; E. E. Evans; E. H. Greist; P. J. Morey; C. H. Roberts; W. L. Henry; J. O. Kirtland; V. N. Simmons.

CRUDE OIL ADVANCES

Pittsburgh, Pa., Aug. 13.—Pennsylvania crude oil today reached the highest price in more than twenty years when the South Penn Oil company announced an advance of 15 cents, making the quotation for that grade \$3.25.

DRAFTED MEN TO START SEPTEMBER 5

First Increment of National Army to be Mobilized By October

CROWDER ISSUES ORDERS

Plan Distributes Task of Furnishing Supplies and Equipment Thru September

TO FIRST BE EXAMINED

WASHINGTON, Aug. 13.—The entire 687,000 men composing the first increment of the army draft forces will be under training early in October. Under orders issued today the first thirty percent of the quota of each district will begin entrainment for cantonments Sept. 5, the next thirty percent Sept. 15 and another thirty percent Sept. 30. The remaining ten percent will be mobilized as soon after that date as possible. The plan to assemble the new forces in three increments distributed the task of furnishing supplies and equipment thru September. It will also prevent serious shortages in any camp and will give the new officers from the training camps time to familiarize themselves with their duties gradually. The order issued today means that about 12,000 men will reach the sixteen cantonments soon after Sept. 5. They will first be examined physically by army doctors and finally accepted or rejected.

To Absorb Newcomers Quickly.

Presumably the first increment will have been organized into skeleton companies, battalions or regiments before the second arrives. The newcomers can be quickly absorbed in that case, and the third lot can be taken into the war machinery with less disturbance.

In farming communities local boards now will arrange the lists of those to fill the first increment with local crop conditions in mind. Drafted men engaged in harvesting will be passed over to the second or third quota. Reviewing the question of discharge for dependent relatives. Provost Marshal General Crowder issued a supplemental ruling today holding that persons should not be discharged because of dependents resident abroad.

"The object of the law is to prevent dependents becoming a charge upon the American people," the ruling says. "A dependent residing abroad could not become such a charge."

To Use Conscientious Objectors.

That conscientious objectors to war are not to be excused entirely from serving the country was made clear in another ruling by the provost marshal holding that such persons should be sent to the mobilization camps along with others drafted to be assigned later to non-combatant branches of the service. Only in rare cases are railway mail clerks to be exempted. Only scheme clerks, chief clerks and assistant chief clerks of the railway service will be given exemption and most of them are above military age. The post-office department announced also that it would certify exemptions for postoffice inspectors. It developed today that the navy department misunderstanding the war department ruling as to voluntary enlistment of registered officers had instructed its recruiting officers to accept registrants into the navy even if they had been called before their local selection boards for examination. The mistake quickly was corrected. Men not yet called, however, may be enlisted.

Plans to provide publicity facilities at camps of the national army and the national guard are to be left entirely to the discretion of the camp commanders who will be authorized to permit newspaper correspondents to establish offices within the camp limits and to maintain private telegraph or telephone lines there if deemed advisable.

WOMEN ATTEMPT TO TAKE BANNERS TO WHITE HOUSE

WASHINGTON, Aug. 13.—Suffragists from the woman's party headquarters attempted twice late today to station themselves before the white house gates with banners addressed to "Kaiser Wilson." A laughing crowd saw the first banner that appeared carried off by a naval bluejacket, who said he wanted it for a souvenir. Two others were brought up a few minutes afterwards only to be forcibly appropriated by civilian employes of the war and navy departments. The president and Mrs. Wilson passed out of the grounds as the second act was staged. They smiled and bowed to the crowd.

ACCORD PRIVILEGE TO NEWLYWEDES

Berlin, via London, Aug. 13.—The municipal food bureau of Strassburg announces that newly married people will be entitled to draw double the amount of food indicated on their food cards. This privilege is accorded them for a period of six months.

EXPECT TO CONCLUDE GENERAL DEBATE TODAY

Only Two More Senators To Speak On War Tax Bill

Senator Penrose Asserts That After the Close of the War the United States More Than Ever Will Need a High Priced Tariff to Maintain its Industrial Prosperity.

Washington, Aug. 13.—General debate in the senate on the war tax bill is expected to close tomorrow. Chairman Simmons, of the finance committee announced late today only two more senators had signified their intention of speaking. Senators Penrose and McCumber, Republican members of the committee, spoke at length during the day in support of the bill which they declared had been revised in a non-partisan spirit. The tax payers must bear in mind, he said, that the bill is temporary in operation.

After the close of the war, Senator Penrose said, the United States more than ever would need a high priced tariff to maintain its industrial prosperity.

The Pennsylvania senator criticized the administration for delay in settling the controversies with manufacturers, declaring relentless prosecution of the war was being held up. "It seems to me," he added, referring to disputes over prices of war material, "that speed and prompt delivery is the essence of the emergency. One hundred million dollars are being spent it is said each day by the allies and it is estimated that 10,000 men are being killed each day on the allies' side. In tremendous crisis, speedy delivery constitutes the most imperatively essential element."

Senator McCumber predicted a war of at least four years and expenditure of \$40,000,000,000. He said the bill was just the beginning of the taxes which must be levied.

During the debate Senator Reed made another attack upon Herbert C. Hoover, asserting that the food administrator's statement of his plan to control wheat, flour and bread was the decree of a dictator.

PROPRIETORS CLOSE SALOONS VOLUNTARILY

KANSAS CITY, Mo., Aug. 13.—Two hundred and sixty saloons and drinking places were voluntarily closed by their proprietors today when representatives of the United States district attorney's office began collecting evidence against liquor establishments located within the half mile dry zone surrounding military camps outlined in President Wilson's proclamation. Included among the places closed were two breweries, the bars in virtually all the large hotels and restaurants and dozens of downtown saloons. Various units of troops voluntarily about the city awaiting entrainment to concentration camps brought the majority of saloons in the city within the area. A detachment of artillery is quartered temporarily in convention hall located only a few blocks from the heart of the hotel district. Tonight bars in these institutions were closed.

QUESTION NOT YET RIPE FOR DISCUSSION

BERLIN, via London, Aug. 13.—Chancellor Michaelis told a newspaper interviewer at Mannheim Saturday that the question of government monopoly of raw products for the reconstruction of Europe after war was not yet ripe for discussion. Strengthening of the nation's economic resources was an implicit need for the future, the chancellor said, especially in the face of threatened trade blockade by enemies.

Dr. Michaelis pointed out that increased demands in the nation's budget warranted the government availing itself of the opportunity to extract revenue from the control and supply of raw materials and that those branches of industry which had been dependent on substitutes will be given the first consideration.

ORDER DISTRIBUTION OF MORE EMPTY CARS

WASHINGTON, Aug. 13.—To facilitate the prompt movement of grain and food products, as well as munitions, the car service commission of the railway war board has ordered the immediate distribution of nearly 21,000 additional empty cars among the lines operating in the south, the middle west and the southwest. This makes a total of more than 100,000 empty cars ordered moved in the last two months from one railroad to another, regardless of owners, to mobilize in various parts of the country a sufficient number to handle the abnormal government and commercial traffic produced by war conditions.

TWO DROWN IN RIVER

Rock Island, Ill., Aug. 13.—Miss Esther Wiggins, 22, and Walter Bernheimer, 26, were drowned while bathing in the Mississippi at Andalusia, near here, yesterday. Bernheimer sacrificed his life in attempting to rescue Miss Wiggins.

BOOTY TAKEN BY GERMANS

Amsterdam, Aug. 13.—According to the Tageliche Rundschau of Berlin the booty captured by the Germans up to July 26 includes 12,156 cannon, 1,655,000 rifles, 8,352 machine guns, 2,298 airplanes, 186 balloons and three airships.

TO SEND U. S. AMBULANCE UNITS TO ITALIAN FRONT

Milan, Sunday, Aug. 13.—Arrangements are being made for the sending to the Italian front of several American ambulance units similar to those which have been in operation in France since the beginning of the war. The first unit is expected in October.

URGES DEVELOPMENT OF INLAND WATERWAYS

WASHINGTON, Aug. 13.—A warning that the facilities of American railroads will be required more and more for moving war materials and that now is the time to start development of inland waterway systems was issued tonight by Secretary of Commerce Redfield. The government, the secretary said, stands ready to aid communities in improving water commerce wherever it can. The commerce department has just organized a division of waterways transportation with Walter Parker, an expert on water commerce at its head.

RIOTING BREAKS OUT IN SPRINGFIELD STRIKE

Entire Ninth Regiment Out—Controls Situation.

Adjutant General Dickson Calls out Soldiers When it Becomes Apparent that the Police and Sheriff's Force Would not be Able to Maintain Order.

Springfield, Ill., Aug. 14.—The entire Ninth regiment I. N. G. is on strike duty this morning as the result of rioting which broke out here shortly before 11 o'clock last night (Monday) and now have the situation under control.

Dickson Calls Troops Out.

The soldiers were called out by Adjutant General Frank S. Dickson at 11 o'clock when it became apparent that the police and sheriff's force would not be able to maintain order and after strike sympathizers had congregated in a park across from the street car barns with the avowed intention of attacking the barns and "getting the strike-breakers."

Before the troops reached the scene, police reserves with night sticks charged a mob of 300 near the barns and scattered them, only to have them collect again at another point, where they attacked a street car returning to the barns after taking strike-breakers to town. Shots fired at the car as it approached caused the motorman to shut off the current and flee with the conductor into the darkness after reporting to shots fired at them.

Auto Drives Thru Mob

An automobile of deputies with riot guns who were following the car at a distance of less than a block, drove thru the mob but made no effort to disperse them, believing that bloodshed would result should they make the attempt.

The rioters then broke all the windows in the car, turned on the current and sent the car hurtling wildly down the track. On a turn a block from the barns the car leaped the track and crashed into the curbing.

Troops Rush to Barns

Troops rushed to the barns from Camp Lincoln headed by Col. Claude E. Ryman in auto trucks and taxicabs, dispersed a mob forming near the wrecked car and other units arriving soon afterwards on special street cars soon had the situation under control.

REDUCE PASSENGER TRAIN SERVICE

CHICAGO, Aug. 13.—Extensive reduction in passenger train service are soon to go into effect in the middle west. According to a report made today to the railroad's war board by R. H. Aishton, president of the Chicago & Northwestern railway and chairman of the central department committee, reductions already made and those soon to be put into effect in this territory amount to over 12,000,000 passenger miles. The states included in the central department are Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, West Virginia, Wisconsin, and Colorado. This reduction in passenger train service is a part of the program of the war board and the conservation of coal and men for the more important freight handling purpose. The reductions made in the central department will result in saving 500,000 tons of coal a year which will be made available for other purposes.

THREE ILLINOISANS GET COMMISSIONS

Washington, Aug. 13.—Commissions awarded students at Presidio of San Francisco, Cal., officers' training camp announced by the adjutant general today include the following:

Illinois.

C. H. Andrus, Chicago, second lieutenant.

J. G. Kreutz, Chicago, second lieutenant.

G. S. Thomas, Evanston, second lieutenant.

NAME MINISTER WARDEN

Sioux City, Ia., Aug. 13.—Rev. J. R. Perkins, pastor of the First Christian church of Sioux City was today appointed warden of the Iowa penitentiary at Fort Madison. The appointment takes effect September first.

NAME HENDERSON'S SUCCESSOR

London, Aug. 13.—G. N. Barnes, minister of pensions, says an official announcement tonight, has been appointed a member of the war cabinet in succession to Arthur Henderson.

JAPANESE REACH A PACIFIC PORT

Head of Mission Declares "We Come as Allies in a Common Cause"

COMRADES IN STRUGGLE

Ishii States He Believes America's Preparations Mean an Earlier Peace

HONORED BY U. S. TRUST

A JAPANESE mission to the United States arrived here today and proclaimed almost at the moment of landing that its members came officially as comrades in a gigantic struggle which involves the liberties and the sacred rights of mankind. "We are here," declared Viscount K. Ishii, ambassador-extraordinary and plenipotentiary, responding to an address of welcome from the mayor, "as the representatives of Japan on a mission of friendship and good will. We come as allies in a common cause."

Adverts to War Panoply

Tonight he advertised to this nation's war panoply and its meaning to Japan.

"We are particularly glad to be here just at this time," he said, when all America is showing a courage, patriotism, energy and wholeheartedness. We are glad to see them. Not a sensible person in Japan sees anything in your preparations but great benefit to both countries in the future. We have always had confidence in the fundamental justice, sound sense and broad vision of Americans. We are glad of your preparations on land and sea because we believe they mean an earlier peace.

"It is not proper for me to speak of conditions, political or otherwise on the other side of the Pacific and you will understand I cannot well discuss the subject of the object of my mission."

"Certainly I feel as if I had been transported to a land of Arabian nights, so stupendous are the changes and so vast the scope of your completed undertakings."

Breckenridge Long, third assistant secretary, and Gavin McNab, an attorney sent from Washington with representatives of the army and navy met the mission on the liner which carried them to port.

Applause Rises to Roar

Escorted by troops, the mission motored to the city hall. Applause greeted each member as he was presented by the mayor to the people, but when Viscount Ishii made his declaration of alliance and friendship it rose to a roar. The viscount, who had been reading in a moderate voice from his manuscript

CAPTAIN HARMON.
Jacksonville people generally will be gratified that William T. Harmon has been commissioned a captain and assigned to the infantry section. Capt. Harmon during his several years' service as coach at Illinois college has well demonstrated his qualities of leadership. He has had military training as lieutenant in the local militia company. He is altogether a strong high class man and among those well fitted to command.

LOOKING BACKWARD
Just a little retrospection is all that is necessary to prove how rapidly times change and how great are the accomplishments of a few decades. It is recorded in the press that it is just forty years ago that the telephone began to be put to practical use and a paper at that time recorded that "a merchant of South Brooklyn, N. Y., has installed a line between his factory and his office five miles apart, over which the human voice is carried with amazing clearness."

AN EXAMPLE IN LOYALTY
We often think of Wisconsin as a state with many German sympathizers. Nevertheless Hartford in that state furnishes a fine example of loyalty. The population totals 4,000 people and more than 100 boys voluntarily enlisted and a company of 108 has been organized. The great percentage of the citizens of Hartford are Germans or of German descent and recently they gave a big celebration in honor of their soldiers. Drilling has been going on for weeks and in a variety of ways the citizens and the young soldiers have been showing their love for their country and their willingness to fight against Kaiserism. The example of Hartford is worth while because these people represent an element in the citizenship of the U. S. whose earnestness and sincerity in upholding their country's honor at this time might easily be questioned.

EXEMPTION BOARD WORK IS SERIOUS BUSINESS
The quick punishment meted out to members of a deposed exemption board in New York because of charges against them of conspiracy to evade the provisions of the draft law was clearly the kind of service

the government expects and the insistence there will be that this law is enforced with absolute fairness in every part of the U. S. It was charged that members of the board were accepting bribe money for the issuance of exemption blanks. Punishment by imprisonment is soon to follow, for the government is determined that provisions of this law shall be as inviolate as the ballot box.
Instances of the New York kind will be rare, altho it was not to be expected that in the large cities members of all the exemption boards would be of the class of men that make up the Morgan county board.

IF THE PEOPLE COULD KNOW
The announcement of commissions from the officers' training camp at Ft. Sheridan carries disappointment in many cases where men were not adjudged as qualified to command, but does emphasize the great stride that the U. S. is taking in its war preparations. There will be some charges of favoritism and politics but the fact remains that the greater part of these commissions were given to men because they had made good in their training work. If only the German people as well as their rulers could learn the real facts about what has transpired in the U. S. in six months past—the floating of the liberty loan, the raising of enormous Red Cross funds, the registration of ten million men for military service, the training of thousands of officers—a great deal would be accomplished in bringing the day of peace nearer. The German rulers have concealed the real facts and have sought to make their people believe that the U. S. is helpless and that it will be a year or two before this country can possibly take any active part in war operations.

HOW IS THE WORLD USING YOU?
It has been stated that of 100 men who go into business, 97 fail. Possibly they may fail of laying up great material wealth from their efforts, but whether they really fail cannot be told from outside observation. Their very failure along material lines may have been their greatest success in fact. Material success would have ruined them for a long time.

So outward success cannot be used as a criterion of the true success, which lies in using the world rightly, in order that the answering echo may be helpful and harmonious. A great national prophet once told the Hebrew people in what direction lay their true success—namely, in the way of spontaneous reaction, the path to true and infallible guidance. He spoke (Isaiah xxx; 20, 21) in these memorable words:
"And thou the Lord give you the bread of adversity and the water of affliction, yet shall not thy teachers be hidden any more, but thine eyes shall see thy teachers; and thine ears shall hear a word behind thee saying, This is the way, walk ye in it, when ye turn to the right hand, and when ye turn to the left."

Happy are those who are thus spontaneously guided, for they are certain of the true success.

LOWER FOOD COSTS
Herbert Hoover, U. S. food administrator, has already entered earnestly upon the performance of his duties. No doubt Mr. Hoover has for weeks been at work organizing his department, for his appointment was assured by the president's insistence. The announcement of the food administrator's plans as outlined in Monday's papers proves that "control" will be all that the word implies and that his influence will be felt in every state, county and community of the U. S.
It is proposed to license every elevator and every flour mill with a capacity of 100 barrels and to so stabilize prices that there will be no incentive even to the farmer to store his grain. The question of price to be paid for grain this year has not yet been fixed but this has been delegated to a committee headed by Dr. Harry A. Garfield, president of Williams college.

It is the announced purpose of Mr. Hoover to make such rules as will certainly result in a reduction of the price of flour and therefore of bread. He proposes to so unify conditions that prices will be practically the same in all parts of the country, altho the transportation question will necessarily be given some consideration. This will work no hardship because even under normal conditions prices of commodities vary in this country according to locality and the distance from the point of production.

The farmers are somewhat worried over price possibilities but since a minimum price of \$2 has been fixed for the 1918 crop and Canada has named a \$2.40 price as a maximum, they are figuring that the U. S. price for the 1917 crop is likely to be between these figures. At any rate, the control of the wheat supply is going to be for the general good and will put an end to the wild speculation which would otherwise be sure to follow at the general cost of the many and the enormous profit of the few. In the high prices of this year while there have been individual instances of farmers who have reaped the benefits, a great percent of the sum total of wheat passed from the hands of the farmers before the big price came.

Rippling Rhymes By WALT MASON

The Cankering Cost

The cost of living is so beastly my bank account it kills; my language is not chaste or priestly, when I pay up my bills. Retrenchment has to be my motto, if I'd survive at all, and so I use the same old auto you saw me buy last fall. You see me with all vain expenses remorselessly cut down; I use only two residences, one rural, one in town. It keeps me hustling, toiling, scuttling, to pay my bills when due, tho I have but one butter cutting, when I am used to two. My wife is raising a commotion since she can only spend a fortnight by the heaving ocean—she's used to months on end. So long it is that I've forgotten just when I wore silk shirts; the ones I have seem made of cotton, and such a come-down hurts. Methinks if times get any tougher, I'll take a poorhouse jaunt; there's something wrong when men must suffer the grievous pangs of want. To ruin's brink you see me waddle, impoverished and lean; I jog there in a touring model, instead of limousine.

THIS DATE IN HISTORY

August 14, 1844—Camp meeting will be held on the land of Samuel Ridgeway, on Brushy Creek, by the Protestant Methodists, beginning on the 14th day of August. This is the same place their camp meeting and annual conference were held last year, about eight miles southeast of Springfield.

Social Events

Gave Birthday Party.
Miss Sarah E. Ashurst entertained a company of friends Sunday at her home, 607 North East street, in honor of her eighteenth birthday. The young lady received a number of choice gifts and the occasion was one of great pleasure. Those present were Misses Winifred Garrett, Loretta Hart, Emma Sullivan, Ruth Sullivan and Norma Atterbury.

Picnic at Park
Durrell Ferguson, of the U. S. S. Hancock, was guest of honor Sunday evening at a picnic supper given at Nichols park. Mr. Ferguson is home for a few days on a furlough. There were present at the supper, Mrs. N. J. Clark, near Merritt; Mrs. Harriet Crabbe, Clell and Maurice Crabbe, Miss Edna McBride, Miss Marian Miller, Hollis Ferguson, Mr. and Mrs. M. B. Crabbe, Mr. and Mrs. Lee Harris and family, Mr. and Mrs. Othe Thorn and family and Mr. and Mrs. A. C. Templin and family.

IS CHARGED WITH LIQUOR SELLING.
Elmer Cannon was arrested Sunday by Patrolmen Jordan, Baker and Kiloran on a charge of selling liquor in anti-saloon territory. The arrest was made at Cannon's home on North West street, the warrant having been sworn out by Chief of Police Davis. It is understood that the department has strong evidence against Cannon.

Dr. and Mrs. A. B. Middleton and family are visiting Dr. Middleton's sister Mrs. E. H. Richardson, west of the city.

Mrs. Mary Kinison and Miss Ida V. Kinison spent Sunday in Naples.

SCOTT COUNTY BOARD MAKES SECOND CALL

One Hundred and Fifty Additional Men Summoned to Appear for Examination Next Week—Funeral of Miss Thompson and Other News.

Winchester, Ill. Aug. 13.—The exemption board of Scott county placed in the mails Monday night letters of summons for one hundred and fifty additional men, those called to appear for physical examination Monday, Tuesday and Wednesday of next week. Thirty men found physically fit did not claim exemption and were certified for service last week. The board began Saturday to hear claims for exemption and expect to bring these hearings to a close Tuesday evening. The quota for Scott County was seventy-one but the percentage of exemptions has been so high that the call for so large a number was deemed advisable by the board. W. C. Green of Bluffs, Dr. Straight and C. Green of Bluffs, Winchester Men who have dependent families and have made proper affidavits to the fact were in virtually all cases granted the exemption claims.

T. J. Priest, the states' attorney, has been advised to assemble evidence with a view to appealing the cases and it is possible that some of the married men in question will yet be held for military service.

Thompson Funeral Held
One of the largest and most impressive funeral services held here in many months took place Sunday afternoon at 2:30 o'clock when the last rites were said for Miss Grace A. Thompson, at Winchester Methodist church. The choir opened the service by singing "The Hour of Trial." The Rev. C. W. Caseley read the scripture and then the Rev. W. W. Theobald of Jacksonville offered prayer. Mr. Caseley then read the obituary sketch, which he closed with the beautiful poem of Tennyson, "Crossing the Bar." Mr. and Mrs. S. G. Smith sang "Jesus Savior Pilot Me." Mr. Theobald gave the sermon after which Mr. Caseley offered prayer and the choir closed the service by singing "Asleep in Jesus."

Both ministers spoke in the highest terms of the devoted Christian life of Miss Thompson, referring especially to her work in the schools and to her devotion to friends and loved ones.

The remains were laid to rest in Winchester cemetery. The bearers were Dr. J. W. Dace, John Leib, Harry Martin, Albert Coultas, Edward Munze and J. B. Clark.

PERSONAL MENTION

Mrs. Earl Welch arrived Saturday night from a visit in Chicago. Mr. and Mrs. Leonard Ritchie and baby daughter returned to their home in Greenfield Sunday after a visit at the home of Mr. and Mrs. C. W. Banes. Mr. and Mrs. William Kirkpatrick, who, since their baby's funeral have been with Winchester friends, returned Sunday to their home in Yuma, Colo.

MORTUARY

DeFrates.
Mrs. Mary DeFrates died Sunday evening at 6 o'clock at the home of Mr. and Mrs. Cal Vieira on East Independence avenue, after a short illness. Mrs. DeFrates had been a resident of this city for a great many years. For several years past she had been a member of the household of her granddaughter, Mrs. Vieira, and had received the kindest care and attention there. Mrs. DeFrates was born in the Island of Madeira Aug. 24, 1848 and came here as a child with her parents, Mr. and Mrs. Frank DeOrnellas. Her maiden name was Mary DeOrnellas, and the only surviving member of her family is her brother, A. F. DeOrnellas, who came from Chicago to attend the funeral. Deceased leaves also one son, William DeFrates.

In 1867 the deceased was married to Gregory DeFrates, a soldier of the Civil War, who died in 1900. Their home for a long period was located about a mile northeast of Jacksonville. Mrs. DeFrates was a member of Northminster church and as long as her health would permit she was faithful in all her relationships to that organization.

The funeral will be held at 2:30 o'clock this afternoon at the home of Mr. and Mrs. Vieira, 1008 East Independence avenue, in charge of Rev. W. E. Spoonits, and interment will be in Jacksonville cemetery.

Davis.
Mrs. W. H. Davis died Monday at a local hospital. The deceased was born in Mt. Sterling, lived for a number of years in this county and subsequently in Eldorado, Kans. She is survived by her husband and her father, Robert Crawford. There are also the following sisters and brothers: Mrs. Ada DeSilva, Mrs. Hattie Imhof, William Crawford of Waco, Tex., and George Crawford of Des Moines. The remains were taken to the Gillham undertaking rooms and will be conveyed to Mt. Sterling Wednesday morning.

The funeral will be held there at 10 o'clock Wednesday morning at the Methodist church.

Hamilton.
Mention was made recently of the death of Mrs. William T. Hamilton at her home in Clayton. The deceased before her marriage was Mary Jane Simpkin and she was born in Pike county, July 5, 1841. Her parents, Mr. and Mrs. George Simpkin, were natives of England. The deceased was the mother of Mrs. J. A. Hembrough of this county. Deceased had been a life long member of the Presbyterian church.

WITH THE SICK

Mrs. Elizabeth Litter of Litterberry who is a patient at Passavant hospital, is now somewhat improved.

DR. CARSON

Chicago Specialist

In the treatment of Chronic Disease, will be at the Dunlap Hotel, Jacksonville Ill., Wednesday, Aug. 15, 1917. ONE DAY ONLY. (Returns every 23 days.) Hours, 8 a. m. to 4 p. m.

Fourteenth Successful Year in Jacksonville. Consultation and Examination Free.

I treat successfully the cases I undertake and accept no fee from those who are incurable. That is why I continue my visits year after year, while other specialists make only a few visits and cease to return.

● IS THIS THE WAY YOU FEEL? ●

Tired in the morning and easily excited? Are you dizzy or nervous? Pain in the head? Tongue coated? Have you Catarrh—nose stopped up? Gas on the stomach? Hands and feet cold? Pain of hands and feet? Have you a dull, dragging pain of ache of the body, back or limbs? Have you Rheumatism? Have you Flatulency? Piles—itching or bleeding? Have you kidney or bladder trouble? Have you any blood disease—scrofula, skin eruptions, pimples, bone pains, pale complexion and losing weight?

Invite you to call and investigate the Carson and System of the treatment of Chronic Diseases, which I have perfected after fifteen years of experience and study, and you will be convinced that my modern, up to date methods of curing disease are what you need.

Never before has there been a treatment giving such universal satisfaction. Every sufferer is cordially invited to call and secure full details concerning this new treatment free of charge.

REMEMBER DATE OF VISIT, or, easily fatigued, excitable and come early as parlors are always crowded.

A friendly call may save you future suffering. It has made life anew to thousands who had been pronounced beyond hope.

FERDINAND OF BULGARIA MUCH IN LIMELIGHT

As Active Participant in War on the Side of Central Powers—Has not Added to Reputation as Military Leader in Present Conflict.

Paris, Aug. 13.—Thirty years ago today Prince Ferdinand of Saxe-Coburg arrived in Sofia and the next day he was installed on the throne of Bulgaria. At that time he was practically unknown to the world.

Today he is very much in the limelight as an active participant in the war on the side of the Central Powers.

Ferdinand's course of late has not enhanced him in the eyes of his own subjects, nor has it been altogether to the liking of his colleagues in Berlin and Vienna. Already there is considerable speculation in European capitals as to the fate in store for him when peace is finally reached.

It is generally conceded that his future depends much upon the fate of the Austrian Empire, into whose keeping he has entrusted his fortunes.

Revolutionary Minority Grows.

There is a revolutionary minority in Bulgaria, which will grow in importance the more peace is denied the Bulgarian people, and the more the Austrian Empire—which supports the Prussians of the Balkans policy of the despotic Couburger and his crooked and subservient ministers—crumbles.

Much cleverer than the ousted King Constantine of Greece, Czar Ferdinand seeks to make the best of two worlds by clinging to Vienna, where he fled when the Bulgars—after their defeat by the Serbs and Greeks, and the retrocession of part of the Dobrudja to Rumania—sought his life, and by disseminating thru cunning agents in Switzerland the report that he was anxious to break away from the German alliance.

If, as a result of the war, the Bulgars find that their sacrifices and sufferings have merely had the purpose of serving the selfish ends of Germany, and have not gained them the territorial ambitions which Ferdinand has promised them, they are likely to make as short work of this autocrat as they did of princes who ruled previously in Bulgaria.

Ferdinand has not added to his reputation as a military leader in the present conflict. Friends and enemies agree that he is a diplomat first and a man of war last. For more than a year he has been trying secret diplomacy with the aim of making a comfortable separate peace and getting the Allies to recognize enough of his conquest of Macedonia to satisfy his by no means moderate subjects.

The Bulgarian ruler knows that he holds high trumps. If he makes peace and betrays his German, Austrian and Turkish allies, Turkey will cease to have direct communication with Europe. The supply of German shells and German officers will cease, and Turkey will inevitably collapse.

Is Barometer of War.

The statesmen and military leaders of Europe have come to regard Ferdinand as an accurate barometer of the war. His policy toward the different alternatives of peace, war or compromise oscillates without ceasing. When the smallest advantage is gained by the Germans, Austrians or Turks, he immediately sends up his terms. If the Entente Allies make a gain he immediately lessens his demands.

Ferdinand's intrigues for peace and treason are believed to be the prime cause for his many mysterious absences from Sofia. When he is away his womenfolk run the country's civil affairs. Crown Prince Boris is always with the army and his brother Cyril is regarded as a man of small ability. As Ferdinand's second wife, Princess Eleonora of Reuss-Strelitz, who was a nurse before her marriage, is nothing but nurse still, the real work has to be done by Ferdinand's eldest daughter, Eudoxia, aged twenty.

Eudoxia is the cleverest member of Ferdinand's family. She manages the Sofia palace, receives ministers and envoys and apologizes to them for Ferdinand's mysterious absences. She directs her father's business speculations and his enormous private wealth, and in particular runs his big land development scheme near the Turkish frontier. Eudoxia is lively and pretty, with an ambition, Sofia declares, to be married quickly, and cynics add that Ferdinand chose the German side instead of the Allies because Germany has vast supplies of bridegrooms of royal princely and ducal blood.

ON SOUTHERN TRIP.

Mrs. O. W. Elmore and sons, William and Franklin, southwest of the city, and B. H. Wilson of Pisgah, father of Mrs. Elmore, left Monday morning on a vacation trip of several weeks. They expect to visit in Owensboro, Ky., and other places in the south.

MORE TRAINS WILL BE ABANDONED

Roads Planning for Still Further Reduction of Passenger Miles as War Economy Measure.

Chicago, Aug. 13.—Extensive reductions in passenger train service in addition to those already made are soon to go into effect in Central territory. Between March 1 and July 15, the railroads in this territory effected a saving at the rate of almost seven million passenger miles a year in train service, according to a report just made to the Railroad's War Board by R. H. Ashton, president of the Chicago & North Western Railway and chairman of the Central Department Committee. The total reductions already made and those soon to be put into effect in this territory, amount to over 12,000,000 passenger miles. This is in addition to reductions of over 16,000,000 passenger miles already reported in Eastern territory.

Reductions Announced

The states included in the Central Department are Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota, West Virginia, Wisconsin and Colorado. This reduction in passenger train service is a part of the program of the War Board in the conservation of coal and men for the more important freight handling service.

The exact reductions already made in Central territory are at the rate of 6,888,402 passenger miles a year, and will effect a saving of approximately 500,000 tons of coal a year, which, by this reduction is made available for other purposes. The further reductions to be made will bring the amount of saving up to 840,000 tons of coal.

Among the roads which by reason of the extent of their service have been enabled to contribute most largely to this result in Central territory are: Pennsylvania, 835,756 passenger miles; Big Four 779,569; Chesapeake & Ohio, 725,510; Baltimore & Ohio, 601,987; Missouri, Kansas & Texas, 580,206; Pere Marquette, 574,629; Erie, 325,782; Chicago, St. Paul, Minneapolis & Omaha, 310,048; Rock Island, 298,006.

Other Roads Have Plans

Several roads which have up to the present made only small reductions in passenger service, have planned such reductions to take place in the immediate future. The Burlington system plans a reduction amounting to 1,800,000 passenger miles; the Rock Island, a further reduction of 886,456 passenger miles; Missouri Pacific, 1,000,000 passenger miles; Missouri, Kansas & Texas, a further reduction of 598,822. The Chicago & Eastern Illinois, the Grand Rapids & Indiana, the Kansas City Southern, the Lake Erie & Western, the Michigan Central and the Soo Line, several of which roads have already made considerable reductions, have planned total or further reductions amounting to from 130,000 to 200,000 passenger miles each. The total amount of additional reduction already planned amounts to 5,539,561 passenger miles, making a total of 12,227,963 passenger miles for the railways of the Central Department.

The whole matter of reduction in passenger train service has been carefully worked out by the committee and the railroads of the Central Department. Most of the further reductions are expected to be brought about by lengthening the schedule of transcontinental trains and will therefore be felt locally to a small extent.

RETURNS FROM TRIP

Mrs. Grant Graft has returned from a several weeks' visit in Colorado and other points in the west. Part of the time was spent at Estes Park, Colo., and a number of days at Cheyenne, Wyo. Mrs. W. W. Robertson and daughter Beatrice, who accompanied Mrs. Graft west, remained for a longer visit.

BARNES MEMBER OF BRITISH WAR CABINET

Ends Great Day of Political Excitement in London

According to Semi-Official Statement Has Approved of all the Other Labor Members of Government—Replaces Arthur Henderson

London, Aug. 13.—A day of great political excitement in London concluded tonight with the announcement that George Nicoll Barnes minister of pensions had been appointed to replace Arthur Henderson as labor member of the war cabinet. The appointment according to a semi-official statement has the approval of all the other labor members of the government. Thus the crisis which seemed to threaten the existence of the government was at least temporarily solved and unless unexpected developments occur there will be no appeal to the country.

Will Not Grant Passports
The government announced to parliament today that the ministers had decided not to grant passports to delegates to the Stockholm international socialist congress thereby falling in line with other allied governments in this respect. It is not doubted that this decision will be accepted by the major section of the country and by the newspapers.

Mr. Henderson in the house of commons today made an impassioned defense of his position in the conflict that has arisen between himself and prime minister Lloyd-George. He entered into great detail on the recent events but still left much mystery regarding his relations with the premier since his return from Russia. Mr. Henderson's supporters contend that the entire misunderstanding has arisen from the government having previously failed to take a decisive line on the Stockholm conference.

Would Have Avoided Crisis
They say that had the decision announced today been formed a week ago the entire crisis would have been avoided.

Mr. Henderson impressed the house considerably by showing that the question of his visit to Paris was the subject of a special cabinet meeting and much sympathy was aroused in his behalf by his having been kept waiting for an hour out-

side the doors of a cabinet meeting and the fact that he first learned through the columns of an evening newspaper that his resignation had been accepted. The debate in the house of commons did nothing to reconcile the conflict of evidence between Mr. Lloyd-George and Mr. Henderson as to the line Mr. Henderson intended to take at last Friday's labor conferences. Mr. Lloyd-George maintained that the ministers had received the impression that Mr. Henderson intended to turn down the Stockholm conference while Mr. Henderson denied that he had ever hinted that he would take any other course than that he had followed. The minister spoke with great bitterness of what he characterized as the shameful treatment he had suffered at the hands of the premier.

RUSSIANS CAPTURE MORE THAN 300 TEUTONS

PETROGRAD, Aug. 13.—British Admiralty, per Wireless Press.—In repulsing a Teuton attack in the valley of the river Slonku, western Moldavia, the Russians yesterday captured more than 300 prisoners and four machine guns, according to the official statement issued today. On the region of Cuna the Russians and Rumanians drove the Austro-Germans from a series of heights.

In the fighting around Fokshani the Russians and Rumanians captured 500 Austrians but were compelled to retire slightly.

FEED THOUSANDS AT HAMBURG KITCHENS

COPENHAGEN, Aug. 13.—More than 180,000 residents of Hamburg now are being fed at municipal soup kitchens owing to the difficulty of obtaining food supplies for individual households. The number has fallen off somewhat now that fresh vegetables are obtainable, it having reached the maximum in April, May and June, when between 230,000 and 240,000 persons visited the kitchens daily for their meals. It is expected that the number will increase again considerably during the coming winter.

The above figures do not take into consideration the school kitchens where a mid-day meal is supplied for pupils, nor the canteens maintained at factories and ship yards. The sum-vegetable season has slightly reduced the death rate which during the first week of June was 49 percent higher than the birth rate. The excess of deaths now has fallen to about 20 percent.

HAD MAPS OF DEFENSES.
Seattle, Wash., Aug. 13.—R. L. Lehmann, a German arrested here Saturday, had maps of the Strait of Juan de Fuca, Puget Sound coast defenses and the Puget Sound Naval Station, according to a statement today by federal officials.

RE-EXAMINE ST. LOUISIANS.
St. Louis, Mo., Aug. 13.—Two hundred and twenty-eight men rejected for physical reasons by the exemption boards of two St. Louis wards were re-examined today with the result that 68 were accepted for army service.

COMPLETE PLANS FOR DISTRIBUTING WHEAT

Creation of Wheat Control Board Soon to be Announced

President Yet to Approve Personnel—Board Will be Made Responsible for Putting Food Administration Measures Into Effect.

Washington, Aug. 13.—Plans for controlling the distribution of wheat and for regulating the manufacture and sale of flour were completed today by the food administration. Creation of a wheat control board will be announced as soon as President Wilson has approved its personnel. This board, comprising officials of the food administration and leading men from the grain and milling industries, will be made responsible for putting into effect measures announced last night by the food administration. Regulations governing the control of wheat from the time it leaves the producer until it reaches the baker will go into effect Sept. 1. The hope of the food administration is that the industries will co-operate ready with the government.

In fixing a price to be paid producers for wheat the food administration it was said today will seek to give the farmer a fair price and at the same time name a figure which will permit the public to receive bread at a price much below that now prevailing.

As soon as the wheat and flour industries have been put under regulation the food administration plans to extend its control to bakeries, hoping to reduce the price now paid for bread. There is no present plan to put cereals other than wheat under immediate control although sugar soon may be under government supervision.

WAR NEWS SUMMARIZED

Infantry fighting on the Western front has not been marked during the last twenty-four hours. In southern Moldavia the Teuton drive against the Russians and Rumanians progresses. In Flanders the Anglo-French and German troops apparently are resting in preparation for further infantry activity.

Sunday night and on Monday the Teutons tried to recapture the ground lost to the French south of Arras. The French threw back all the attacks. Last of the positions the French made small advance.

The Russians and Rumanians having been forced to retire to the Siret river, Field Marshal Von Mackensen has been enabled to capture Putzila.

By taking the town the Teutons probably have cut the railway line north impeding the Russians and Rumanians fighting in Western Moldavia around Cuna.

German airplanes which raided the southeast coast of England Sunday had London as their objective, but the British defenses forced them to abandon that plan. In the pursuit two of the raiders were brought down.

Berlin admits the loss of one machine and Amsterdam reports a German airplane was forced to land in Dutch territory Sunday, evidently returning from England.

Five Americans and fourteen others were killed when the British steamer City of Athens struck a mine last Friday near Cape Town, South Africa. Four of the Americans lost were missionaries.

The American Back Christiane has been sunk off the Azores by a German submarine. The crew was landed safely.

WILL CONSIDER PLANS
Chicago, Aug. 13.—Plans to release power for military uses will be considered at a meeting here tomorrow of representatives of the 54 retail merchants associations with the state council of defense. The meeting was called at the request of the National council and its immediate object will be the curtailment of delivery service and return privileges.

CONCILIATOR GOES TO STRIKE ZONE

Louisville, Ky., Aug. 13.—A special telegram from Lexington today announces that Hywel Davies of that place, widely known as a federal conciliator, has gone to southeastern Kentucky where a coal miners' strike has been declared. It is said that more than 10,000 miners have quit work. They demand recognition of the union, an eight-hour day and a new wage scale.

AGREEMENT AFFECTS 1200.
Pinetown, Ky., Aug. 13.—Twelve hundred men of the 3,000 striking coal miners in Bell county are affected by an agreement reached today between nineteen companies operating in the Pinetown territory and their employees.

Contracts recognizing the union and agreeing to all of the strikers demands were signed by the companies.

FORMER EDITOR'S WIFE DIES.

St. Louis, Mo., Aug. 13.—Mrs. John E. Wright, wife of a former editor of the St. Louis Times, died today of heart disease at a local hospital. She formerly was an instructor of art at the University of Illinois. The funeral will take place Wednesday at Champaign, Ill.

COMMISSION IN PORTLAND

Portland, Ore., Aug. 13.—Members of the Allied Aircraft commission arrived in Portland today to confer tomorrow with Spruce Lumber Manufacturers relative to increasing the production of spruce lumber for airplane stock.

SETTLE STREET CAR STRIKE.

Lima, O., Aug. 13.—The local street car strike was settled today. The employees waived recognition of the union and the company granted the increase in wages demanded by the men.

KANKAKEE WOMEN IN UNUSUAL COSTUME

Employees of Knitting Factory Wear Bloomer Adaptation of Trousers and Overalls Worn by Women Workers in Other Industries.

Kankakee, Ill., Aug. 13.—Women and girls employed in a big knitting factory here are wearing a bloomer adaptation of the trousers and overalls worn by working women in many other industries since the war.

They were designed particularly to meet the needs of women forced into new occupations by the drain of men to the war. They are made of light chambray and are said to be cool and comfortable. The lower part resembles the bloomers of bicycle days, while the upper portion consists of a bib to protect the shirt waist, which straps over the shoulders. To and from work the women wear skirts, which are removed in the factory.

MANY APPLICANTS FOR TRAINING CAMP

Mayor Rodgers yesterday received the following communication:

"The War Department desires that you be informed that the number of applicants for the central department to attend the second series of training camps was more than nearly six times the number authorized. The examiners were directed to select those who, from the papers submitted and other evidence available, were in their judgment best suited. From the foregoing you will understand the great difficulty the examining boards had in carrying out their instructions and making their selections.

"It is regretted that you were not selected, but you are assured that your tender of service at the time is appreciated and commended, and entitles you to credit for the patriotic impulse that prompted your desire to attend said camp and serve your country, fully equal to that of the successful candidate. It is hoped therefore, that you will maintain the same spirit of patriotism and devotion to your country and should future opportunity open that you will be equally ready.

Very respectfully,
Thomas W. Barry,
Major General Commanding.

CHAUTAUQUA MUSIC.

About thirty young people met at Grace M. E. church Sunday afternoon and rehearsed music for the Chautauqua vesper services. This evening at 7:30 o'clock there will be a second rehearsal at the same place and then the young people will be in readiness for the service at 8:30 o'clock Sunday evening.

WINS COMMISSION

In the list of commissions awarded at Ft. Sheridan and announced in Monday morning papers is the name of Howard Matthews of Kansas City. This young man is a son of E. C. Matthews, formerly of Jacksonville, and is a grandson of Mrs. James R. Matthews. He has been commissioned as a first lieutenant.

WILL LEAVE FOR NORTHERN RESORTS

Mr. and Mrs. William Barr Brown, Jr., will leave tonight for Waupaca, Wis., where they will be guests at the summer home of Mr. and Mrs. Edward W. Brown. Later they will go to Omens, Mich., where they will spend a week or two with Mrs. E. E. Crabtree.

VISITED THE SOLDIERS AT QUINCY.

Sunday Mr. and Mrs. Boesner Spink and daughter, Virginia, Mr. and Mrs. Earl Spink, Mr. and Mrs. Leiland Ward and two children went over to Quincy in Mr. Spink's Mitchell and Mr. Ward's Ford car to visit the boys in camp there. Mr. Spink's son Alfred is in Co. B while Merrill, Rodgers and others from this vicinity are also there awaiting orders. There are five companies in the battalion there and Capt. Owen's company stands at the head of the list in every respect and the boys mean to keep it there.

FIGHT DUEL OVER POLITICS.

Mexico City, Aug. 13.—In a duel brought about by a quarrel over politics Captain Diaz was killed today by Deputy Garcia Vigil. Deputy Vigil is expected to die from the wounds he received.

CHARGE NEGRO WITH MURDER.

Baltimore, Md., Aug. 13.—John Snowden, a negro, was arrested in Annapolis tonight, charged with the murder of Mrs. Lottie Brandon, whose body was found in her home in Annapolis last Wednesday.

LESS THAN 2,000 RETURN.

Jellicoe, Tenn., Aug. 13.—Less than 2,000 men of the 17,000 in the eastern Tennessee and Southeastern Kentucky coal mining district who struck Saturday returned to work this morning.

TAFT IMPROVES

Clay Center, Kan., Aug. 13.—William Howard Taft today continued his rapid improvement from an attack of intestinal indigestion, according to his physician who declared he believed the former president would be able to leave here by Wednesday. Mr. Taft was stricken last Tuesday while on a lecture tour.

BOARD MEMBER RESIGNS.

Springfield, Ill., Aug. 13.—The resignation of Dr. E. J. Doering, of Chicago, a member of the district board for division No. 1 of the Northern District of Illinois, was received by Adjutant General Dickson today. Dr. Doering has received a commission in the United States army.

GIVE OUT KAISER'S MESSAGE TO WILSON

(Continued from Page 1)

to his majesty the king personally that mobilization being already carried out could not be stopped but that if his majesty could guarantee with his armed forces the neutrality of France I would refrain from attacking her, leave her alone and employ my forces elsewhere. His majesty answered that he thought my offer was based on a misunderstanding and as far as I can make out Sir Edward Grey never took my offer into serious consideration. He never answered it. Instead he declared England had to defend Belgian neutrality, which had to be violated by Germany on strategic grounds. News having been received that France was already preparing to enter Belgium and the king of the Belgians having refused my petition for a free passage under guarantee of his country's freedom, I am most grateful for the president's message.

To Issue Explanation.

Copenhagen, Aug. 13.—The Cologne Gazette says the German government will issue soon an explanation of the telegram said to have been sent by Emperor William to President Wilson in August, 1914, and mentioned in the memoirs of James W. Gerard. The Gazette publishes the text of the emperor's telegram as given to the public by Mr. Gerard.

Denies Existence of Telegram.

BERLIN, Aug. 13, via Amsterdam Aug. 13.—The semi-official Norddeutsche Allgemeine Zeitung denies the existence of the telegram alleged by James W. Gerard, the former ambassador to Berlin to have been sent by Emperor William to President Wilson in August, 1914, when the German emperor is quoted as having asserted that Belgium's neutrality "had to be violated by Germany on strategic grounds." The alleged telegram which has reached Berlin by way of Switzerland has the emperor saying that King George sent him word through the emperor's brother, Prince Henry, that Great Britain would remain neutral if war broke out on the continent involving Germany and France and Austria and Russia. The Norddeutsche Allgemeine Zeitung says:

"We are in a position to declare

that no such telegram from Emperor exists. It is true that Mr. Gerard was given an audience on August 10, 1914, in order to give him an opportunity of placing President Wilson's offer of mediation before the emperor.

"Mr. Gerard's statements in his memoirs, appear to be a reproduction of this conversation. If the press in enemy countries sees revelations in them that only shows they are ignorant of the German white book which in essence set forth the same events.

"Possibly during the conversation the emperor wrote a memorandum for the ambassador so that he might not announce anything to Washington that would be incorrect. In that case it would be a matter of record destined to assist Mr. Gerard's memory but it would not be a communication from the emperor to President Wilson."

FORWARD FIRST EDITION OF BOOK

New York, Aug. 13.—The first edition of 100,000 copies of an English-French handbook which will be supplied to the soldiers going to France was sent to the war department today by the National Security League.

The book, which is of pocket size with a waterproof cover, contains sixty-four pages devoted to practical questions the soldier will probably want to ask in French.

ORDER OFFICERS TO REPORT.

Fort Sheridan, Ill., Aug. 13.—Two hundred of the recently commissioned first and second lieutenants at the officers training camp today received orders to report within a few days for assignments which were not made public. Others of the several training camps have been granted leaves of absence.

COMPANY B. MEN IN FINE FORM

Recent Visitor to Camp at Quincy Tells Observations—B. Has Supplanted F. as Crack Company.

Captain L. P. Owen of Company B, who several months ago took his men from Jacksonville to Louisiana and Pearl for guard duty, now has his company at Quincy where it is mobilized with other companies of the Fifth Illinois Infantry. Accord-

ing to reports Co. B., has displaced Company F as the crack company of the Fifth, and from the way the boys lined up Sunday afternoon they deserve the honor.

If those who watched Co. B. men march from the city two months ago were to see the men now they would have to take the second look before they could recognize some of them. Little Brownie Merrill probably has made the greatest change. Merrill left Jacksonville to join the ranks of Co. B. some seven or eight weeks ago weighing 92 pounds and when seen Sunday he said he tipped the scales at 125 pounds. Merrill is a picture of health and as brown as a berry. He is the clerk of the camp and likes camp life.

First Lieutenant Hale rejoined the company Saturday after being detailed on special work.

Rex Gary is top sergeant of the company and handles the men fine. Since Gary took charge he has put a lot of "pep" in the company and gives his commands well.

Food is Substantial.
H. Jay Rodgers is in charge of the feeding of the men and from the looks of the menu the men certainly get good substantial food. Mr. Rodgers is assisted by several members of the company. "Speck" Henderson being in charge of the cooking and "Goat" Flynn is the kitchen policeman.

The camp is one of the best in the state. It is situated on the outskirts of Quincy on a high hill, has plenty of good shade and the water supply comes from a fine spring. The parade ground is located at the bottom of the hill and spectators have a fine view of the soldiers when they are on dress parade.

There are six hundred men camped on the hill, including a dandy band which gives concerts during the day. Several hundred people visit the camp daily and the boys are receiving great treatment from the citizens and business men of Quincy. All soldiers are admitted to places of amusement free and practically every place of business in Quincy is thrown open to the soldier boys. The city railway company for a time allowed the boys to ride on the cars free but after the arrival of several additional companies this plan had to be discontinued. The soldiers speak well of citizens of Quincy for the way they are being treated.

Send Boys Ice Cream.
While the boys are being well fed, there are some things that the people of Jacksonville could send to the boys. They would certainly appreciate it if such things as candy, ice cream, tobacco and cakes would be sent. Several Jacksonville men took up a subscription Monday and sent the boys some ice cream. Jay Rodgers said Sunday that the biggest treat on his menu was "Speck" Henderson's twice a week "Mulligan." Some of the men have as many as four bowls of this delicious soup.

Captain Owen takes his men on a hike each morning. The hike planned for Monday morning was to begin at 6:30 a. m. and Captain Owen said the men probably would walk about eighteen miles. The distance is easy for the boys as they are in good physical condition.

Lieutenant Dickson is again with the company having taken his bunch of recruits to Quincy last week.

There are now 125 men with Co. B. and only two or three are on the hospital list, and these few have minor troubles.

Captain Owen, Lieutenants Hale and Dickson and Rex Gary are certainly to be congratulated on the excellent condition of their company.

Tribute to Capt. Owen.
A tribute to Captain Owens was published recently in the Louisiana, Mo., newspaper. The article which also commends the captain's wife for the patriotic spirit she has shown, it is as follows:

"For the past four months Company B, Fifth Illinois Infantry, commanded by Captain L. P. Owen, has been doing guard duty over the Alton bridges across the Mississippi river at this point and across the Illinois river at Pearl and while

serving in that capacity the major portion of that company has been camped at this city. They left here on orders Aug. 2 for Quincy, where they will join their regiment. During their stay in our midst they have proven themselves to be volunteer soldiers of great merit and their drilling and discipline has shown that they were commanded by an exceptionally efficient officer. When Captain Owen arrived in our midst most of his men were very recent recruits, without any prior military experience, but during his stay here he drilled them up to an efficiency that is seldom equaled; that not only shows that he himself is so well qualified as an officer and as a gentleman, but it shows the high class of men that have volunteered to fight the battles of their country. Captain Owen and his officers and soldier men have gained the good will of our people and wherever they may go they can rest assured that they are highly appreciated by those who know them best. Captain Owen was accompanied here by his wife and three children and her many good deeds and patriotic sentiments certainly commend her not only to our people, but to all who know her best. She has set a noble example to the wives and mothers of all good and patriotic men. She has said to her husband in its defense, go and I will do the best I can for myself and for our children. Not once has she faltered in these noble sentiments, and what a great thought that should be to other wives and mothers when their husbands and sons are called to duty."

RED CROSS SHOP NOTES.
In the west window of the Red Cross shop is an excellent display of blue knitted garments for soldiers. These garments are the work of Miss Hetty Patterson and some of her assistants. Miss Patterson has been very zealous in Red Cross activities and in addition to being liberal herself has secured the aid of a number of others.

In the window also is a pair of socks knitted by Mrs. Blunt, who is now ninety years of age. Accompanying the socks is a small picture of Mrs. Blunt and a brief note which will go forward to the soldier who later on will become the fortunate possessor of these warm, well made socks.

PHILIP H. SCHAFF IS A CAPTAIN.
The friends of Philip H. Schaff, son of the Rev. D. S. Schaff, D. D., formerly pastor of Westminster church of this city, will be pleased to know that the young man is to be a captain in the army. He has been in the officers training camp at Ft. Benjamin Harrison, Indianapolis, Ind., and the Youngstown, Ohio "Telegram" of Aug. 10, gives him name among those named for a captaincy. The paper also presented his picture along with that of eleven other young men.

For some years past Capt. Schaff has occupied a good business position in Youngstown, and been identified with that place instead of Pittsburgh, Pa., where he formerly resided.

LOCAL MAN RE-ELECTED TO COMPLETE IMPORTANT WORK

Jacksonville Sent Fine Delegation to Annual Convention—Reports Presented Show Year of Great Activity Along Trail.

One of the most exciting features of the trip of the Jacksonville delegation to the Burlington Way convention was the arrest of Commissioner Joshua Vasconcellos just after passing thru Washington park into Springfield. Mr. Vasconcellos had a blowout and was running on the rim when he was grabbed by a policeman. Mayor Rodgers explained matters and rescued the commissioner but his friends had quite a laugh at his expense.

Seventy seven made the trip with the Jacksonville delegation, all of them from this city except seven. It was one of the largest delegations ever sent to a good roads meeting and it made the delegations from other cities look sick. The following made the trip, the owner of the car being named first.

Mr. Weber Re-elected President.
Jacksonville's delegation was well pleased when Carl H. Weber was re-elected president of the association for the second term without opposition. Mr. Weber has given much time and thought to the work and his reelection was deserved and was his popular choice. In accepting the office Mr. Weber thanked the convention for the honor. "While I realize," said Mr. Weber, "that it means a great deal of work there are some things that have been started the past year that I hope to see completed. I hope when the convention meets in 1918 that we will be able to report to you that the Burlington Way has been extended to New Orleans."

The sessions were held in the parlors of the St. Nicholas hotel which were filled to overflowing. Mr. Weber called the convention to order and Wilson Smith of Waverly served as secretary pro tem.

The chair introduced Edwin H. White, a superintendent of highways of Sangamon county who delivered an address of welcome to the delegates in behalf of the county officials. Mayor Bauman was unable to be present and the address of welcome in behalf of the city was delivered by Commissioner Willis Spaulding.

John J. Reeve, president of the Chamber of Commerce made the response in behalf of the convention. Mr. Reeve showed that he has given the subject of good roads much study. During the course of his remarks Mr. Reeve said in his opinion the best road was either a brick pavement with a sandstone curbing or oiled roads. It was the opinion of the speakers that either of these would be good when concrete roads had been worn out and forgotten.

Committees Appointed.
President Weber then announced the appointment of committees as follows:

Credentials—H. C. Wilhite of Greenfield, A. N. Price of Astoria, Herman Engelbach, Arenzville.
Revision of Constitution—L. R. Craig, Jacksonville; W. R. Turnbull, Waverly; W. H. Holstein, Burlington, Iowa.

Nomination Committee—Will J. Hood, Sparta; C. L. Theiford, Bradford, Tenn.; Frank Sweet, Sherman; J. W. McCarthy, Lemont; D. E. Shannon, Sharon, Tenn.

Carl H. Weber then presented his report which was a splendid one and gave a detailed resume of the year's work.

The reports of Herman Engelbach, treasurer and H. C. Wilhite of the promotion department were also presented. The reports were received and placed on file.

At the afternoon session Fred W. Young of Rock Island appeared before the convention and extended an invitation to meet in that city in 1918. The invitation was accepted.

H. C. Wilhite then made a report on cities that have not paid dues. The report showed that Mr. Wilhite had given much attention to the matter.

W. H. Holstein of Burlington presented the report on the revision of the bylaws. The following are

some of the changes recommended. Individual membership fees were fixed at \$1. Fees for cities at \$5. Provides for bond in the sum of \$500 for the treasurer and secretary. No officers are to receive salary except the General Secretary, who is to receive a salary of \$200 and expenses. Other officers to receive expenses when traveling on official business. A number of other changes were recommended and the bylaws as revised were adopted.

W. J. Hood of Sparta reported the following recommendations for nominations: Carl H. Weber, president; W. H. Holstein vice president; H. C. Wilhite, secretary; Herman Engelbach treasurer. The report of the committee was adopted and the ones named declared elected.

Change in Route Asked.

F. A. Horn of Loami asked that the Burlington Trail be changed to run thru that city from Waverly to Springfield. The matter was referred to the executive committee. E. C. Boehm of White Hall asked that the trail be routed from White Hall south thru Carrollton and Jerseyville instead of thru Greenfield. This also was referred to the executive committee. Charles Magill asked that the trail be extended from New Berlin to Jacksonville. This was referred to the executive committee. The route between Astoria and Farmington was annulled.

President Weber then called on a number of what he termed "live wires" for talks on the good of the order. Among them was L. R. Craig of this city. All of the speakers showed great enthusiasm and gave the delegates some good hard facts.

The convention then adjourned and the delegates went to Camp Lincoln where a band concert was enjoyed and dress parade witnessed. There were few mishaps aside from the blowouts of Commissioner Vasconcellos and J. Spencer Self. Both of them went into Springfield running on the rim.

The convention was one of the best ever held in the history of the

Burlington Way. Jacksonville should be proud of the delegation sent and it showed that the city and county is alive to the need of good roads. A number of the speakers, among them W. H. Holstein of Burlington, Iowa, paid a high compliment to Jacksonville roads and said they were the best they had seen in this part of the state.

AUTO PARTY HAD FINE CHICAGO TRIP

Mr. and Mrs. William Bleber, son Lloyd and daughter Lillian Frances, and Miss Lillian Smith have returned from a two weeks' automobile trip. They were accompanied home by Mrs. J. R. Goodey and daughter Helen of Chicago. After leaving Jacksonville by the Burlington Trail the party went to Virginia, Beardstown and Bushnell and pushed on to Rock Island for their first stop. The roads all the way were in excellent condition. From Davenport they started for Chicago and covered the distance easily in one day. They crossed the Mississippi at Clinton. The route to Chicago took them on the Lincoln highway and their time was good also they encountered a heavy rainstorm and for a few miles traveled thru heavy black mud.

During their stay in Chicago members of the party visited Ft. Sheridan and the Great Lakes naval training station. Like other visitors, they were especially interested in what they saw at these two places. The party left Chicago Sunday morning at 5 o'clock and arrived at Springfield at 3:30 in the afternoon. They made a brief visit there at the home of Joseph Smith and then came on to Jacksonville, reaching this city at 7 p. m. They had covered a distance of 277 miles in the one day very easily. They drove their Buick car

1200 miles on this trip and the only trouble they had was one puncture.

LOOP DISTRICT PAVING CONTRACT LET

John E. Bretz of Springfield Contract at \$34,454.30—Will Begin Work This Week.

The city council yesterday let the contract for the paving in the loop district to John E. Bretz of Springfield on a total bid of \$34,454.30. The engineer's estimate of the cost of this work was \$27,035. All this paving is to be done with creosote block. Mr. Bretz already has the contract for creosote block pavement extending from the city building to the square on Sandy street, thence west on Court to West street and south on West street to West State street. The same contractor is to do the paving on South Main street East State street and North Church, so that he has a large amount of work here. He stated in the council session that work on the loop district pavement will begin within two or three days as some of the material is already here. The work on the streets for which he has contract has been delayed to some extent because of lack of material. There were two bidders for the loop district work, Simeon Fernandes submitting the only figure other than that by Mr. Bretz. The figures submitted by Mr. Fernandes totaled \$35,453.90. The bid of Mr. Bretz was divided as follows:

12,360 sq. yds. creosote wood block pavement at \$2.46 per sq. yd.	\$30,405.60
2,371 yards of grading at 40c per cu. yd.	948.40
540 linear feet of sand-stone curb at 60c per linear foot	324.00
4,968 linear feet concrete curbing at 40c per ft.	1,987.20

1,734 linear feet cutting thru sidewalks at 20c per foot 346.80
13 iron storm water in-lets at \$14.50 each ... 188.50
5 brick catch basins at \$30 each 150.00
134 linear feet of sewer pipe at 70c per foot ... 93.80

ANNOUNCEMENT

AGED PASTOR DEAD.
Rev. James T. Patterson, a minister known to many people in the vicinity of Auburn, died there recently at the age of ninety years. The deceased was born in Rockbury, Pa., in 1827 and has lived near Auburn for a great many years. He had for a long period been pastor of the Nazarine church there. The funeral was conducted Monday with services in charge of Rev. T. A. Agnew.

Charles Ator has gone away on his vacation of a few weeks. He placed his family in their Cadillac car and headed for Davenport, Iowa, and may visit other points while absent.

CONSCIENTIOUS OBJECTOR MUST GO FOR SERVICE

Non-Combatant Work Will Be Assigned Men in This Class—Board Will Hear First Claims for Exemption Today—Other Rulings Received.

The "conscientious objector" will not be freed from the responsibilities attending the present crisis, according to instructions received here from the office of the provost marshal general. One telegram of instruction received by the local board Monday dealt with "persons who previous to May 18, 1917, were members of any well recognized sect or religious organization whose then existing creeds or principles forbade its members to participate in war in any form," and specified that such objectors to military duty shall not be exempted from service, that the president shall declare to be non-combatant. Such persons shall be drafted and forwarded to the mobilization camps, there to take part in such non-combatant forms of service.

A second telegram defines the status of men summoned for physical examination, emphasizing the fact that such men no longer have the privilege of voluntary enlistment. The telegram follows: "An erroneous instruction has been sent out by the navy department to naval recruiting stations to the effect that persons could voluntarily enlist in the navy after having been called by the local board. The attention of the navy department has been called to this error and it is being rectified by telegram today. Please inform all local boards that after a person has been called by the board he cannot voluntarily enlist in the military or naval service and that such voluntary enlistments will not protect him from the penalty of the law for failure to report to the local board."

Will Hear Claims Today.
As before mentioned the first claims for exemption on the score of dependency will be heard by the local board today. Twenty five men have been summoned to appear at the Ayers Bank building this forenoon at 10 o'clock. The examinations will be private and each man will state his own case. In addition to members of the board, the state's attorney will be present to represent the government. Appeals will be taken by him to the district board at Springfield. Individuals held for service will have the right of appeal to the Springfield board also.

The second twenty-five will appear Wednesday and the hearings will be continued Thursday and Friday. It will only be after these hearings have been finished that the board will make any further call to fill the Morgan county quota of 121 men.

FARM NOTES

Work in Big Field of Oats.
G. W. Foster and Herman Visser of Alexander precinct, who have lease on part of the estate of Julius E. Strawn, under the management of Gates Strawn, have a large force of men threshing oats. As there are 400 acres of the work will not be completed for several days yet. From the threshing work which is done thus far there is indication that the average yield will be from 65 to 70 bushels per acre. Several smaller fields have shown a larger yield per acre but this is the largest recorded for a field of such extent.

The Value of a Load of Corn.
A wagon load of corn at the prices which have prevailed recently runs for big wagons. L. M. Shurtleff recently delivered to the elevator at Riggston a load of corn for which he received a check for \$148.25. When Mr. Shurtleff was asked what the farmers are going to do with all the money they will have this year from the sale of their corn, oats, wheat and hogs, he said that the surplus wouldn't be as large as many "town folks" think, that the expenses of farming operations have increased just as has been true of other lines of business. However, Mr. Shurtleff willingly admitted that these are very prosperous times for farmers and that the prospects for all farming operations are excellent indeed.

George Fligg also delivered a load of corn which brought \$148. These men are now shelling and delivering their corn and are doing the work themselves because of the labor shortage.

CIRCUS PARADE ROUTE FOR FRIDAY ANNOUNCED

Chief of Police Davis Tells of Streets to be Traversed—Warnings to the Public.

Chief of Police Davis yesterday made announcement of the route to be followed by the Robinson circus parade next Friday and incidentally made some timely suggestions about pick-pockets.

The circus will arrive from the north via the C. B. & Q. and will unload at the East State street crossing. It will be routed to the grounds over the following streets: East State to Brown, Brown to North, North to Church, Church to Lafayette, Lafayette to grounds.

The parade will follow the following route: East on Lafayette avenue to North Main St., south on North Main street to square, east around the square to West State street, west on West State street to the lot.

A Few Warnings
Beware of Pick-pockets and thieves.

There are generally two or three "mobs" of pick-pockets following circuses. A "mob" consists of three persons—one to do the "stalling" or jostling in front of you, one to pick your pockets and the third to receive the plunder.

Be careful in getting on or off crowded street cars and railroad trains as these are favorite places for pick-pockets to work.

Be careful in the crowds at the ticket wagon, menagerie and side shows.

Don't leave your store unguarded to watch the parade.

Be sure and lock your doors and windows if you leave home.

Keep your hands on your pocket-book and watch when in crowds and you will probably save your property.

EARLY MORNING FIRE BURNS ARENZVILLE STORE

Building Occupied by Onken Bros. and Myers Consumed by Blaze of Unknown Origin Monday—Loss May Reach \$30,000.

A fire of unknown origin, discovered Monday morning at 4 o'clock, burned to the ground the dry goods and grocery store of Onken Bros. and Myers at Arenzville and caused some injury to the furniture stock of Brockhouse Bros. and the grocery and dry goods stock of R. J. Omnen. A volunteer fire company was organized at once and it was this fact, largely that kept the fire so nearly under control. The building burned was a one-story structure, with well built brick walls which served also to limit the spread of the flames.

The building and stock were well covered by insurance, according to statement by a member of the firm Monday evening. The building and stock of the Onken Bros. and Myers store had a value of something more than \$25,000 and this loss, together with about \$1,000 each, perhaps, suffered by the stores of Brockhouse Bros. and Mr. Omnen, might bring the total value of property destroyed to thirty-thousand dollars.

The people of Arenzville turned out in force to help fight the flames and a bucket brigade was formed which did good service. The wind was favorable also, taking the flames away from the building adjoining.

The firm will rebuild the Onken Bros. and Myers store, it was announced Monday evening. Work on the new building will be begun at an early date.

ROODHOUSE GIRL SHOT
Miss Neta Hanks of Roodhouse is at Passavant hospital recovering from a gunshot wound in the left breast, suffered Sunday evening when she was struck by a stray bullet while seated in the front room at her home. Serious results are not expected. John Benton, wrecking crew foreman on the C. & A., and Miss Julia Mirts, were engaged in target practice for a short time at the home of C. H. Jensen, and it was a bullet which glanced from the target and traveled across a vacant block, that wounded Miss Hanks.

A COMRADE GONE.
George W. Moore has received word of the death of Thomas L. Vought of LaCrosse, Wis. The deceased was 84 years old and a member of the famous Company G, First Mo. Cavalry, enlisting from the south part of the county, C. Riggs Taylor thought. Both said too that in the company Mr. Vought was known as Joseph.

While a citizen of Madella, Minn., he led the posse that captured the notorious Bob, Frank and Cole Younger, who had made the raid on the bank in Northfield in 1876, along with the James boys, the famous outlaws of Missouri.

TYPOGRAPHICAL UNION IN ANNUAL MEETING

President of International Organization Gives Report Showing Prosperous Condition—Many Members Now in U. S. Army or Navy.

Colorado Springs, Colo., Aug. 13.—A prosperous organization with its “house in order” and ready to expand the work it already has started in connection with the war activities of its members, was pictured by Marsden G. Scott of New York, president of the International Typographical Union, in the address with which he opened here today the sixty-third annual convention of the organization. He said that nearly 600 members of the union had enlisted with the Canadian forces, that more than 400 already are in the army or navy of the United States and that “thousands of others will follow the Stars and Stripes in the world's war.”

Forty-two Canadian members of the organization have been killed in France and \$12,225 has been paid to their widows or dependents, Mr. Scott said. He announced that the “two representative organizations of employers in the printing industry—the American Newspaper Publishers' Association and the United Typothetae and Franklin Clubs of America—have recommended that all journeymen and apprentices be reinstated in their positions when they return from the war.”

Subscribe for Liberty Loan Bonds
President Scott said that through its executive council the International union had subscribed for \$50,000 of the Liberty Loan bonds and that subscriptions for an additional \$57,950 had been reported by subordinate unions.

He emphasized the fact that of \$66,652,431 earned by members of the union in the fiscal year ending May 31, only \$4,684 had been expended by the International Union because of strikes or lockouts. He said the gross earnings of union printers had increased \$3,940,626 in that period, the average earnings a member being \$1,086.43, an increase of \$45.25 as compared with the preceding twelve months.

President Scott also announced the completion of an agreement between the International union and the “closed shop division of the United Typothetae and Franklin Clubs of America, effective Aug. 4, 1917, to December 31, 1926.” Arbitration contracts, he said, have been issued to 191 newspaper publishers under the new international agreement with the American Newspaper Publishers' Association, effective May 1, 1917, to May 1, 1922.

The total payments to 1509 old age pensioners for the fiscal year were given as \$351,505. Mortuary benefits totalled \$298,476. The Union Printers Home in this city cost 123,146 to maintain and its capacity was increased, accommodations being provided for 250 residents. The twenty-fifth anniversary of the home is to be celebrated Wednesday.

Proposed Amendment Debated
Opposition to a constitutional amendment proposed by Chicago Typographical Union No. 16 which promises to cause sharp debate in the convention was expressed by Mr. Scott. He said it was “conceived in malice” and “intended to reflect discredit” on the officers of the international body. It would limit the powers of the general officers and subordinate unions in making contracts and compel a referendum on agreements with national associations of employers.

The address also indicated that relations of the union with the American Federation of Labor were not altogether happy because, he declared, the “obligations which the officers and subordinate organizations of the A. F. of L. owe to this International Union have been disregarded in many instances.” He added:

“The laws of the American Federation of Labor have been grossly violated repeatedly, and there is no assurance that any official attempt will be made to prevent a repetition of these illegal acts. Unless we are prepared to accept the consequences of these illegal acts, we must repudiate them promptly and without reservation.”

DICTATOR HINTS ILLINOIS MAY MANAGE COAL YARDS

Chicago, Ill., Aug. 13.—All retail coal yards in Illinois may be taken over by the state, it was announced today by Judge Orrin N. Carter, who was named by Gov. Lowden as coal dictator. The chief justice said that the retail problem is the most difficult one confronting the governor's Conference Committee, which will begin work tomorrow.

“Representatives of the retail coal distributing industry may be asked to attend the conferences,” said Judge Carter. “At present, it does not seem that we can accomplish much without their support.”

The operators signified their willingness to be bound by my decision. We will have no trouble with the railroads and we hope to settle labor disputes at the mines. But the hardest problem is the retail end of the transaction. It may be necessary for the state to take over the management and operation of all retail yards.”

John Dinwiddie of the vicinity of Litterberry was among the callers in the city yesterday.

PASSAVANT HOSPITAL AT U. S. DISPOSAL

Action Along This Line Taken by Trustees at Meeting Monday Night.

A special meeting of the trustees of Passavant hospital was called last evening by Pres. E. W. Brown to take action on a resolution of the medical board and medical staff placing the hospital at the service of the U. S. government in case it may be needed in any manner desired.

Pres. Brown read the resolution of the physicians and spoke favorably regarding it. Dr. Hardesty spoke in favor of the resolution as did Dr. Stacy, Thos. Buckthorpe, S. W. Nichols, Mrs. Kate Hollinger and others.

Dr. Black said that the county would be called on to send 2,400 soldiers to the front if the war continued as it may and probably will continue. As there are wounded or disabled they are sent to the emergency hospitals, the unit and then they must come home and it is up to the people of Morgan county to do right, generously and manfully by its soldiers. Of course the government doesn't expect work done for nothing but if any expense be incurred in caring for the needy soldiers surely the public will stand behind the hospital and see it through. It must and will do so for it cannot get along without the hospital.

The resolution was adopted unanimously.

MRS. W. N. HAIRGROVE ENDS LIFE AT LOS ANGELES

Deceased Had Suffered for Years From Nervous Trouble—Funeral Arrangements Not Completed.

A telegram received Monday by William N. Hairgrove brought the news of the death of his wife, Mrs. Keynah Hairgrove at Los Angeles, Cal. Mrs. Hairgrove had for several years been a sufferer from a nervous and mental disorder and took her own life. The particulars as to her death has not been received.

Mrs. Hairgrove's maiden name was Keynah Sanders and she was the daughter of Mr. and Mrs. H. S. Sanders of Ft. Dodge, Iowa. They have been notified of the death of their daughter and arrangements for interment will not be made until Mr. Hairgrove has heard from them.

Mrs. Hairgrove first gave evidences of a nervous disorder in 1914. She was in hospitals at Hollywood, Cal., Youngstown, Ohio, and at the Norbury sanitarium here. For a time there was a marked improvement but this bettered condition did not continue. Along many lines Mrs. Hairgrove was especially capable and those who knew her well held her in the highest regard.

Mr. Hairgrove has H. M. Ticknor and a firm of lawyers arranging details in his behalf in Los Angeles.

ANNOUNCEMENT
I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.

ARENZVILLE LUTHERAN PICNIC WELL ATTENDED

Members of St. Peter's Church and Sunday School Enjoy Annual Event—Christian Endeavor Social a Success—Arenzville Personal Mention

Arenzville, Ill., Aug. 13.—The second Wednesday in August is the date each year on which the members of St. Peter's Lutheran church and church in hold their annual picnic. Preparations for the picnic this year had been made on a large scale and the program included various amusements of interest to old and young.

Christian Endeavor ice cream social at the suburban home of Henry Treadway, was a very successful affair in every way. Games and music were a pleasing feature of the occasion.

Clifford Nieman returned home after a few weeks' stay near Beardstown.

Mrs. Stacy Calvin of Jacksonville was a recent guest here.

Miss Esther Pfeil returned from a few weeks stay at Chandlerville with her brother George and family.

Arenzville was visited by a fine rain Sunday and Monday.

Mr. and Mrs. Philip Stock and children of North Prairie visited recently at Albert Weeks' household.

Mr. and Mrs. Arthur Schmitt of Wagner's Bridge were recent callers at John Schneiders' home.

Eddie Whorton of Concord transacted business in town one day last week.

Mr. and Mrs. Evans of Table Grove have returned home after a few days stay with friends here.

W. Tuller of Jacksonville was attending to business matters here a few days recently.

A DEPENDABLE MEDICINE

Lydia E. Pinkham's Vegetable Compound is a dependable root and herb medicine. It has made a place for itself among the great mass of people, because thousands of sick women have tried it and proved that it will accomplish all that is claimed for it. Nothing unfavorable can honestly be said about it. It does not contain injurious drugs. It is a root and herb remedy founded upon a physician's prescription, and is manufactured for a specific purpose. That it accomplishes this purpose is proved by thousands and thousands of convincing testimonials.

FIRE APPARATUS IS GIVEN TEST

Motor Driven Pumps Send Stream Above Roof of Ayers National Bank Building.

The apparatus recently purchased by the city council for the fire department was tested out yesterday on the public square. One of the motor driven trucks was taken to the northwest corner of Central park about 10 o'clock and a hose was attached to the standpipe on the west side of the Ayers National Bank building and the hose was extended to the top of the building. When a pressure of 260 pounds was applied the water was readily delivered at a height 50 or 60 feet above the building. Then water was thrown from a nozzle located in front of the building to the top of the building. Thomas R. Johnston, who is Chicago manager for the American-LaFrance company, was on hand to supervise the test. Commissioner Martin was the only member of the city council present at the morning test and in the afternoon the demonstration was repeated with all members of the council present.

In the morning when the water was thrown from the street above the top of the building the hose was attached to the hydrant at the north west corner of the park. Tests were made with a one inch nozzle and then an inch and a quarter nozzle, then with a nozzle of an inch and an eighth size. In each instance the stream was thrown above the top of the building. As a final test two lines of hose were used and pressure was sufficient to send two streams to the fifth story of the building. The large company of spectators was not backward about expressing their approval, for it was very plain that the pumper is powerful and that its addition to the apparatus of the Jacksonville department means added protection.

MADE AUTO TRIP TO EASTERN CITIES

Party of Jacksonville People Home Again After Five Weeks' Road Journey.

July 10th, Mr. and Mrs. James G. Strawn and daughter, Hazel and Mr. and Mrs. Ebenezer Spink started in Mr. Strawn's Studebaker car for Boston to attend the convention of \$100,000 underwriters of the Columbia National Life Insurance Co. of the capital of Massachusetts, of which company Messrs. Strawn & Spink are state managers. They had an extensive trip going and coming and took in enough sights and sounds to fill a volume. Among the cities visited on the way east were Indianapolis, Ind., Columbus, Ohio, Pittsburgh, Buffalo, Niagara Falls, Utica New York, Syracuse, New York and many other places.

While in Boston the company organized the Star Producers' Club of Agents, who have written \$100,000 or more insurance a year. A number were made members and George L. Dyer of St. Louis was chosen president and James G. Strawn of this city vice president. The meeting was largely attended and much enjoyed by the Jacksonville visitors.

Returning they visited most of the coast cities New York, Portsmouth, Narragansett Pier, Ocean Grove, Asbury Park, Philadelphia, Washington, Baltimore and other places. They traveled over several important highways, among them the Lincoln and others. They took in the beautiful Shenandoah Valley of Virginia, Winchester, Virginia, Staunton and other places of interest. They made a short stay at Hot Springs, Va., where President Wilson likes to return tho he was not there at the time of their visit. At Portsmouth, Ohio, they visited Mr. Spink's daughter, Mrs. Florence Rawlings and at Berea, Kentucky, they called on Mr. Spink's son, Mark L. At Cincinnati and other places they visited relatives and friends of the Strawns.

In general they found conditions pretty much the same as in the middle west. Many soldiers were everywhere to be seen and at Washington all public buildings and some other places are strictly guarded and entrance is difficult. They visited Fort Myer at Washington and declare conditions in the camp at Quincy far better than in the fort near the nation's capital.

More and more were the tourists impressed with the value of Illinois as an agricultural state with its variety of production. In New York they saw many vineyards, in Virginia lots of orchards, together with many acres of berries and currants. The farms of the east are small and insignificant compared with those of the west. A fine corn crop in Indiana was noted. In Virginia and West Virginia the farmers were cutting wheat and oats and the crops seemed to be fairly good in both cases.

Annual watermelon picnic, Woodson, Aug. 29th.

A JACKSONVILLE HORSE WINS

Nathan Purvine, driver of Charles Thompson's bay gelding, Peter Kingston, entered the animal with fourteen other starters in the 2:17 trot at Boscebel, Wis., last week and won first money, \$1,000 in three straight heats, time 2:17½, 2:15¼ and 2:17. Peter Kingston is a fine animal and his owner and driver, both of whom live here, have reason to be proud of his work.

Women Everywhere
Use Lemon Juice
To Beautify Skin

The beauty lotion which is becom-
ing so popular throughout the coun-
try is easily prepared by anyone, and
a whole quart of it doesn't cost
any more than a small jar of the
common, ordinary cold creams.
Add the juice of two fresh lemons
to three ounces of orchard white and
shake well in a bottle. Strain the
lemon juice two or three times thru
a fine cloth so no pulp gets into the
lotion, then it will keep fresh for
months. Regardless of what price
you pay or how highly advertised,
there is nothing else really more
meritorious in beautifying, softening
and clearing the skin. As a tan and
blemish remover, also to remove oil-
iness and sallowness, lemon juice has
no rival. Massage it into the face,
neck, and arms once or twice each
day, and just see if it doesn't bring
out the roses and hidden beauty!
Lemons have always been used to
bleach the skin, but pure lemon juice
is too highly acid, therefore should
never be used except in this manner.
If properly prepared, this sweetly
fragrant lotion will speak for itself.
Any drug store will supply the three
ounces of orchard white at very little
cost, and the grocer will supply the
lemons.—Adv.

Outcome is a Heavy Close at 11
Cents a Bushel Net Decline—
Corn Finishes 3/4 of a Cent Off
to 1/4 of a Cent Up

Chicago, Aug. 14.—Altho at first the
wheat market today seemed to be virtu-
ally unchanged, but announcement of
plans for government control to be put
in operation September 1, prices finally
gave way in good earnest. The outcome
was a heavy close at 11 cents a bushel
net. Oats closed at 5c decline to 32c
1/4 advance. Last prices of provisions
ranged from a loss to a rise of 2c.
Forwarded swings in the wheat mar-
ket attained unusual force, but not until
the day was more than half over. Ap-
parently dealers in futures had been
waiting to see what the result would be
on prices paid by mills and other pur-
chasers of wheat available for immedi-
ate delivery.

When the day ended the market was
a little higher than the previous day,
but the price of the food control law names
for next year's crop, 32 a bushel.
Corn had a general downward ten-
dency today but steadied when signs were
given attention that hogs and corn had
about come together again in value and

DESCRIBES CAPTURE OF GERMAN TROOPS

Nearly a Company Trapped in Cave When French Troops Stormed and Carried German Position—Story Told by Franciscan Priest Acting as Stretcher-Bearer in French Army.

French Front, Aug. — (Correspondence)—The story of the capture of nearly a company of German troops who were trapped in the Dragon's Cave near the famous Chemin Des Dames when the French troops stormed and carried the German position along that historic road was told to the Associated Press correspondent the other day by Father Py, a Franciscan priest, who with a doctor, brought the prisoners into the French rear lines. Father Py was acting as stretcher-bearer to one of the most celebrated regiments of the French army, the 152nd infantry.

He is a small man, is Father Py, who when the war broke out was engaged on missionary work in Brazil. The call of his country brought him back to France, and altho he is a native of the south of France he volunteered for service in the ambulance section of the 152nd, a regiment from the Vosges. He explained to the correspondent how on the day of the battle he had been detailed to go out and tend to the wounded, but not to advance beyond a certain trench, which was very near the most advanced French line. When he got there he found no one. The French soldiers had gone forward with one bound right in the track of the curtain fire put up by the artillery and had reached the German trenches on the other side of the crest out of sight with miraculously slight losses. The priest and a companion looked about in search of wounded but could find none. Then thinking under the circumstances they were justified in disobeying orders they climbed over the top of the trench and went further forward.

A little further on they saw a German running about with his clothes aflame and uttering cries for help, at the same time pointing behind him to a hole in the ground where two other men were gesticulating. The priest went on thinking to find some more wounded men—perhaps men of his own regiment—but soon he saw they were Germans. At once he raised his crucifix in the air in the belief it would protect him, and he continued to advance. The Germans did not threaten him as he approached and soon he saw they were wounded.

On arriving at the entrance to what he had believed was a dug-out he found the hole went far into the side of the crest. He entered the Dragon's Cave still holding his crucifix before him and shouting "Catholic!" Inside he found the hole spread out in all directions and that it was full of armed German soldiers. Four or five of them were officers and, under the impression some of them at least would understand French, he called out in that language that he was a Catholic priest and that if there were any German wounded there he was prepared to administer the rites of the Church.

One of the officers spoke to him, asking what he was doing there and what was going on outside. He informed him the French had made a long advance over their heads and had crossed the crest and that they had better lay down their arms, for they would either be killed or taken prisoners in any event.

Could Only Surrender to Officers. The officers then held a discussion among themselves, at the end of which one of them with tears streaming down his face said he supposed

they must resign themselves to their fate, but they could only surrender to an officer.

Father Py scribbled on a piece of paper a note to one of the French captains, which was handed to his companion who had remained outside the cave.

While the note was being carried to the French officer, a German doctor in the cave showed the priest the resting place of several German wounded. Among them was a Jesuit priest who was serving in the German army as a soldier with whom the French priest spoke in Latin. To the other wounded Germans Father Py gave the consolations of the church.

Afterwards and while awaiting the return of his messenger with the French officer, Father Py advised the German officers to disarm their men in order to avoid any possibility of misunderstanding. He himself superintended the operation, telling each soldier to discard every weapon he possessed, but that they might retain small pocket-knives.

A little later, just when the process of disarmament was being completed a French officer—or rather a doctor—appeared at the mouth of the cave and the German officers surrendered their swords and revolvers to him.

Arrival Caused Surprise. Then began the exit of the prisoners thru the narrow entrance and they were all marched thru a communication trench back to French regimental headquarters with an escort composed only of the priest, his stretcher-bearing comrade and the French doctor. They were almost a company and their arrival caused considerable surprise at headquarters.

The little priest who always was a favorite in the regiment, with which he participates in all the hardships of fighting and in constant exposure to wounds and death, is now quite a hero. He never leaves the men to go on leave and did not even go to Paris when a detachment of the regiment went there to receive the decoration of the knighted medal which has been conferred on it for having been five times mentioned in general army orders for bravery. The 152nd is the only regiment in the French army besides the Foreign Legion which has won this honor.

Almost Entirely in French Hands.

As a result of its good work at Hurtelise and on the Calonne plateau further east, the Chemin des Dames is now almost entirely in French hands. The ladies for whom it was constructed would scarcely recognize it in its present condition, for there is not a foot of its length which is without a shell-hole and the whole of the sheltering trees which formerly lined its sides have all been torn away.

To discover why Hurtelise has attained such prominence one has to learn its high importance as a military position. It forms the highest point on the crest along which runs the Chemin des Dames—the Ladies' Way.

The correspondent was able to note the peculiar value of this part of the crest when he went out to observe one of the many fights for its possession which have been waged since the French offensive began in April this year. From the southern side of the crest the way had to be made with eyes and ears alert and legs ready to jump into any nearby shell hole to escape the splinters of high explosive shells big enough to fell the most robust tree, which are poured into the valley at hazard by the German artillery on the other side. The German gunners cannot see the effects of their fire since they have lost the best observation points—hence the constant fighting to regain possession—but they rarely cease their bombardment, their hope being to disturb and hinder the supplies coming up to the French on the front line.

VISITORS FROM KANSAS.

Rev. Arthur Long and family of Coffeyville, Kan., have arrived in the city in their Buick car for a visit with Mr. Long's parents, Mr. and Mrs. Milton Long of South Diamond street. Mr. Long was formerly a resident of this county but has been away twenty years. He lives in the city made famous by the last raid of the Dalton gang when so many of that set of robbers lost their lives.

Mr. Long is pastor of the Christian church in Coffeyville and claims to have the largest Sunday school in the entire state of Kansas. His school numbers upward of seven hundred and is steadily increasing. He mentions this fact with pardonable pride as it certainly is remarkable when such cities as Topeka, Kansas City, Kan., Abilene, Newton, Wichita and others are considered. The gentleman is a live wire in the best sense of the word and is constantly at work for the welfare of his charge.

LAD ROBBED CASH DRAWER.

Richard Coleman, a colored boy about 14 or 15 years old, was arrested yesterday by Patrolman Baker and White on a charge of theft. Young Coleman confessed that he had robbed the cash drawer of a North West street concern of \$28.10. The boy had been seen in the vicinity and when the theft was reported he was at once under suspicion. Twenty five dollars and seventy five cents of the money was recovered as the boy took the police to an alley where he had placed a part of the money and then took them to the brook near South Main street where he had buried the remainder. Information will be filed today against Coleman by Chief Davis and the offender will undoubtedly be sent to the school for boys at St. Charles.

CAMP AT ROCKFORD IN FINE SHAPE

Major Davis at a Visit There Is Enthusiastic in Praise.

Camp Grant, Rockford, Ill., Aug. 13.—Camp Grant the future home of Illinois' quota of the new national army, was referred to as the "finest camp I have ever been in" by Major Abel Davis of the first Illinois infantry. He has been stationed here since Thursday last as commander of the military forces guarding the cantonment.

"We have tested out the new barracks and I can safely say that they are by far the best equipped, most sanitary and most comfortable army quarters it has ever been my lot to be in," said Maj. Davis. "All the boys of the First Infantry under my command, and there are 1,200 of them, have nothing but praise for the barracks. You may tell the Illinois members of the new national army that they are coming to the best camp in the country."

Better Than Fort Sheridan.

"Our quarters here are better than anything we had on the Mexican border and they put Fort Sheridan in the shade."

Maj. Davis has had twenty-one years of military experience.

Extraordinary precautions are being taken in the cantonment. It is practically impossible for strangers to enter the camp proper either by day or night. The 1,000 members of the first infantry on whose shoulders the safety of the camp devolves are on continuous duty.

Maj. Davis has issued orders, and they are carried out to the letter, that all civilians be challenged. Invariably sentries stop persons even after they are taken to the guard house and searched.

Cameras Forbidden.

Cameras are forbidden, and should visitors have them they are compelled to leave them with the sentry at the entrance.

These stringent orders extend to the relatives of the men on guard and many guardsmen were disappointed yesterday when they found out that mothers, fathers, sisters, brothers and sweethearts were forbidden to visit them in camp here. All visiting relatives were forced to remain on the outside of the camp proper; but all soldiers not on guard duty were allowed to leave the camp to visit with their families.

This state of affairs, Maj. Davis said, will continue until the entire cantonment is completed and has been officially turned over to the government by the contractors.

Local Woman Sleeps Soundly Since Taking Tanlac—Improved Every Way

After buying a bottle of Tanlac for a friend to whom she had recommended it, Mrs. L. B. Keran, a prominent and well known Jacksonville woman of 356 Washington street, made the following interesting statement to the Tanlac Man regarding the relief she had gained from the Master Medicine.

"My system generally had been all out of shape for some time and I knew that I needed a tonic to build me up. I was very nervous and suffered from indigestion. I often suffered severe pains in my side. I couldn't sleep at night and would get up in the mornings feeling tired and listless and invariably suffering with the headache."

"I've taken only a part of a bottle of Tanlac now but already I'm improved in every way. The pains in my side have almost entirely disappeared, too. I'm not nearly so nervous now and the best of it all is that I can sleep soundly at night. I get up in the mornings feeling fine these days and it certainly is a pleasure. I hope all my friends will learn what a wonderful medicine Tanlac really is."

Tanlac is now being specially introduced and explained in Jacksonville at the East and West side stores of the Coover-Shreve Drug Co. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug Co.; in Ashland at H. O. Brownback's; in Versailles at A. G. Bates'; in Chapin at F. P. McKinney's; in Roodhouse at W.
